

Mr. Russell Bryant,

I was put under a lot of stress with my recent DUI, especially considering how it was going to affect my future and my plans on going to dental school. With all of the potential consequences that come with a DUI conviction, the worse would have been the DUI itself being on my criminal record. It would have prevented me from continuing in school and caused me to lose my driver's license for a whole year. Your expertise in your trade accomplished a reduction of my charges to "reckless driving" and allowed me to keep my driver's license. I am very grateful for your help in this case and thanks to you I am looking forward to putting this behind me.

Thank you for your hard work.

Given a close analysis of the arrest scene and process, Mr. Bryant was successful in persuading the prosecutor that the charges should be reduced to reckless driving. Result - student client retained his license, was able to continue his college education, and will not be excluded from admission into dental school.**
