

Russell,

Thank You for your help. I am very glad I chose you to represent me. I would not have liked the results had I not, yet I am very relieved by the results you obtained. Thank you also for helping my wife with her case. I think your experience on both sides of the aisle is a great asset to anyone in need of your service. I would recommend you to anyone in need.

**Thanks again,
Brian Bunnell**

Russell,

Just wanted to shoot you a note to say thanks. As you know, my former lawyer recently retired and I don't believe I could find someone better to take his place. You exceeded my expectations. Thank you again for your insight, knowledge and help in my endeavors.

**Sincerely,
Alesia Bunnell**

****These clients came to Mr. Bryant after the Husband had been arrested on a charge of "DUI - Refusal". His wife had also been arrested and charged with public drunkenness and disorderly conduct arising from the same incident. Following an investigation into each set of charges (including a careful analysis of both police reports and both incident videos), Mr. Bryant successfully convinced the prosecutor to reduce the DUI charge to Reckless Driving (thus saving the client from a one year suspension of his driver's license). He also persuaded the prosecutor to allow the wife to plead to a single local ordinance violation for a nominal fine and no criminal history.**

End result - another fantastic resolution for each client due entirely to Mr. Bryant's legal knowledge, strategies and reputation with the prosecutor.
