I want to take this time to thank Mr. Bryant and this firm for all of your hard work on my case. I will, with no doubt, continue to come to Mr. Bryant for any legal services I may need in the future!**

**\*\*This e-mail was from a client who had entered into a restrictive employment contract with her former employer. When she left that employment and started a new business, the former employer initiated legal proceedings to both stop her current business operations and obtain money damages for breach of the employment contract. Mr. Bryant's quick response and knowledge of the applicable law convinced the former employer's lawyer to withdraw the employer's demands and discontinue any further legal action against Mr. Bryant's client. The client now operates her business without any threat or interference from her former employer.**
