To Whom It May Concern,

Our company has used Russell Bryant on a number of cases over the past six years. From his advice on business practices to his skill as a litigator, I consider him to be an integral part of our company.

Some of our cases have been mired in industry-specific standards and traditions. Russell has the rare ability to take a complex case, cut through the extraneous and grasp the heart of the matter. When it has been necessary to go into a courtroom, Russell has been at his best. He has an innate ability to litigate. He has made some of the opposition's witnesses our best evidence. It is a pleasure to see him work his craft.

As a small business owner, I particularly appreciate Russell's judicious use of our money. He is cognizant of our expenses and does not charge us frivolously or foolishly.

Virtually every case Russell has handled for us was resolved to our favor. He is both honorable and effective. I hold him in the highest esteem and heartily recommend his services.

Sincerely,
