To the Visitors of Russell T. Bryant, Attorney at Law's Web site:

I have known Mr. Bryant for approximately 20 plus years, both professionally and personally. I own several companies, with which Mr. Bryant has assisted in any and all legal issues that may have come to pass, including, but not limited to, S Corp, and LLC set ups. Through prior years, I have dealt with other attorneys, but none have come close to the consistent standards that Mr. Bryant exhibits in all of my areas of business. His advice, his expertise and his knowledge of the law, both professionally and personally are extensive. Mr. Bryant has proven through the years, and confirmed to me through his service, that he is and will remain to be the only Attorney that I will be calling on for legal services. It is not often said of any Attorney, but Mr. Bryant is compassionate about his duty to his clients, and more than that, I fully trust him to do what is right and to do what is best served to me and my companies as his client.

Should you like to contact me personally for a reference, please feel to call me at the number above.

Sincerely,

Billy Joe Dickerson
